To,

The Tata Global Internships (TGI) Selection Committee

Tata Group

Subject: Application for Tata Global Internships (TGI)

Dear Members of the Selection Committee,

I am writing to express my interest in the Tata Global Internships (TGI) program. I am currently pursuing a **B.E. in Information Technology** at PES Modern College of Engineering, Pune, and I am passionate about building real-world solutions through **Machine Learning, Data Engineering, and AI-driven systems**. With hands-on project experience, a strong academic record (CGPA 8.46/10), and an eagerness to contribute to high-impact business problems, I believe I am a strong fit for the TGI program.

What excites me most about TGI is the opportunity to work on **live business challenges** across Tata companies while being mentored by industry experts. Tata Group's legacy of innovation, ethics, and nation-building deeply inspires me, and I am especially drawn to projects in **AI, Digital Transformation, Data Analytics, Strategy, and Operations**. I want to be part of impactful work that reaches millions — something the Tata ecosystem uniquely offers.

During my academic journey, I have built multiple end-to-end technical projects, including a **Food Spoilage Detection Web App** using CNNs, a **Heart Attack Prediction Model** applying ML algorithms with real-time pipelines, and a **Diet Recommendation System** using rule-based personalization. These projects strengthened my skills in **Python, SQL, TensorFlow, Scikit-learn, Data Pipelines, AWS concepts, and MLOps tools**. Additionally, my internship at CODTECH IT Solutions helped me gain practical exposure to ML model debugging, optimization, and working in Agile teams.

Beyond technical work, I bring strong problem-solving ability, adaptability, and a mindset of continuous learning — qualities the TGI program values highly. I am confident that I can contribute meaningfully to a Tata project while gaining invaluable cross-functional exposure and mentorship.

Thank you for considering my application. I would be honored to contribute to Tata Group's mission and learn from some of the most respected professionals in the industry. I look forward to the opportunity to participate in the next steps of the selection process.

Warm regards,

Shashikant More
